FROM THE ARCHIVES

IN THIS ISSUE: From the Archives

Newspaper comic strips helped to create the comic book as we know it today, with the earliest collections of popular daily strips of the era serving as a springboard for the stories of adventure, mystery, and super-heroics that followed. Comic strip material from the 1930s to today is still being collected more and more each year; fan-favorite, little-known, and even obscure strips are being painstakingly cleaned up, enhanced, and collected for a whole new audience to experience once again. This month's issue of ***PREVIEWS*** is filled with dozens of comic strip collections, both new and backlist. Just look throughout this issue for our "From the Archives" icon for more great strip collections!

FLIPSIDE: Killer Serials: Comic Strip Collections for Comic Book Fans

During the pre-Golden Age era of comics, most comic books were made of reprinted newspaper comic strips. This repurposing of the comic strips eventually lead to the development of new material to support the fledgling format, which eventually lead to the industry we all know and love so well. Because of these origins, there has always been a connection between the newspaper comic strips of yesterday and the comic books. We need only look at those special comic strips that were based on popular comic book characters (or the strip characters who made the jump to comic books) for proof. In honor of our "From the Archives" theme this month, we've assembled a great sampling of those rare comic book characters who made the jump from the comic books to the funny pages (or vice versa) and are now featured in these beautiful strip collections!

editor's NOTE

EDITOR'S *note* **People Who Know Your World** **EDITOR'S** *note*

I'LL SEE YOU IN THE FUNNY PAGES...

EDITOR'S *note*

When I was a kid, many moons ago, I would clip stuff out of the newspaper that I thought was cool; movie ads, articles about alleged sea monsters dredged up by Japanese sailors, and comic strips. I'd have to wait for my folks to be done reading the paper before I could start clipping, and once in a while I had to do some digging when they absentmindedly threw out the paper before I could get to it. This made collecting comic strips tough… but not unmanageable.

I know I was clipping several strips in those years, but the one I remember most — and the one I'm pretty sure I still have the entire run of squirreled away in a Roi-Tan cigar box… *somewhere* — is *Howard the Duck*! Howard starred in his own newspaper comic strip for sixteen months from June 1977 through October 1978, consisting of eleven story arcs told through 511 individual strips. Fully authorized by Marvel Comics, the syndicated strip appeared in newspapers throughout North America daily in black-and-white, and in color on Sundays.

The first six stories where written by creator Steve Gerber, with art by the always amazing Gene Colan (*Tomb of Dracula*, *Dr. Strange*) and Val Mayerik (*Man-Thing, Frankenstein*). The final five story arcs were written by Marv Wolfman (*New Teen Titans, Tomb of Dracula*) with art by Alan Kupperberg (*Invaders, Justice League of America*). As I recall, they were pretty good, and felt like an extended issue of the *Howard the Duck* comic books being published at the same time by Marvel.

A few other Marvel Super-Heroes have had newspaper strips over the years — *The Incredible Hulk* and *Spider-Man* (still running to this day!) come immediately to mind — but Howard has never gotten the reprint treatment that Spidey has received in recent years. Which is a shame, especially with the resurgence in Howard's popularity thanks to his recent appearance in the *Guardians of the Galaxy* movie and his new Marvel Comics series. Maybe we'll see them finally collected? Maybe? /sigh…

Regardless of my shattered hopes for a *Howard the Duck* strip collection, there's still plenty of great comic strips being cleaned up and collected for new readers to enjoy today. From new collections of *Peanuts*, *Bloom County* and other favorites, to the obscure and rare strips of yesteryear, it's a great time to be a comic strip fan and collector! And we've marked some of the newest collections and most popular backlist titles throughout this month's issue with our "From the Archives" icon to make them easy to locate!

And with the holiday season right around the corner ("Black Friday" IS the day after Thanksgiving, and we ARE after all in the month of November!), you're sure to find the perfect strip collection for anybody on your gift-giving list!

And speaking of Thanksgiving, I just want to thank you all for reading ***PREVIEWS*** each month and making us a part of your lives. I'm also thankful to have such a great bunch of people to work with each month!

So, from our ***Diamond / PREVIEWS*** family to yours… have a Happy Thanksgiving!

Your Pal @ ***PREVIEWS***,

Marty

FINAL FANTASY XII

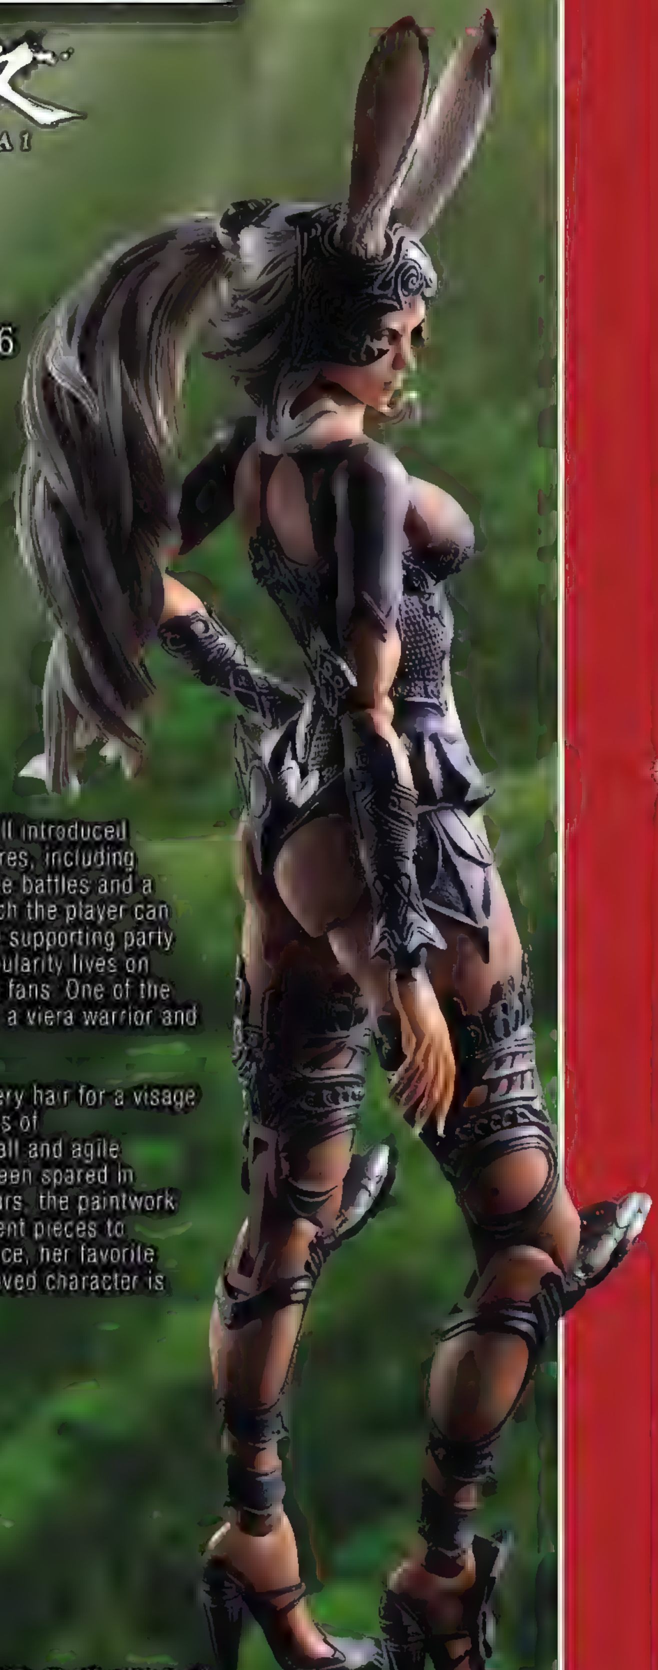
FRAN

SRP $120.00

Release: FEB 2016

STK 692111



FINAL FANTASY XII introduced revolutionary features, including seamless 360-degree battles and a gambit system in which the player can input the actions of the supporting party members. The title's popularity lives on vibrantly in the hearts of its fans. One of the key members of the story is Fran, a viera warrior and partner to the sky pirate Balthier.

Her beautiful dark skin contrasts with her silvery hair for a visage that sets her apart from the other protagonists of FINAL FANTASY XII. We have recreated the tall and agile stature of this warrior, and no details has been spared in accentuating her appeal: her iconic long ears, the paintwork on the ornate armor decorations, translucent pieces to recreate clothing adorned with delicate lace, her favorite bow and arrow - our respect for this beloved character is realized down to every last detail.

Figure includes display stand and interchangeable hand parts.

Long before the cities of Ur and Babylon rose in the Fertile Crescent, humanity hunted and gathered in small tribes, scattered across the globe. Ben Haggarty and Adam Brockbank take readers back ten millennia ago, to an age when life for the earliest humans was truly "[illegible]" in their acclaimed graphic novel, *Mezolith*, originally published in the UK and now published by BOOM!

DISCOVER THE DAWN OF HUMANITY IN BOOM! *MEZOLITH*

In the ninth century, the Christian and Norse worlds collides across northern Europe as Viking raids descended on coastal villages and the pagan Norse settled Christian lands. Mike Costa and Ignacio Calero take readers to that time of epics and bloodshed in Boundless' new series, *Belladonna*, a violent and sexy tale of Viking shield maidens and women warriors!

Life has evolved over billions of years to its modern form, but what happens if an accident causes life to de-evolve, turning back the evolutionary clock and bringing long extinct species back to life? Civilization crumbles and Neanderthals and Australopithecines roam a post-apocalyptic world of sabre-tooth tigers and woolly mammoths in Rick Remender and Jonathan Wayshak's new Dynamite series, *Devolution*!

JEM AND THE HOLOGRAMS FACE THEIR GREATEST CHALLENGE

Earlier this year IDW Publishing brought the classic 1980s animated series Jem and the Holograms to comics, and this January sees the start of the series' biggest story arc to date: "Dark Jem"!

The band has hit the road on their first tour but, as they will soon discover, a tour never goes off without a hitch! Their computer Syngery has gone haywire, their rivals The Misfits need a new lead singer ASAP, and the band is being pursued by someone called "Silica." Plus, the band sports a new look in "Dark Jem," and their looks are featured on five different covers this month.

Writer Kelly Thompson and artist Sophie Campbell pull out all the stops for "Dark Jem," beginning in January's Jem and the Holograms #11!

The newest DC Comics super-hero to take the small screen by storm is *Supergirl*, debuting on CBS in late October. Melissa Benoist's portrayal of one of Krypton's last survivors is brought to life with DC Entertainment's *Supergirl (TV): Supergirl Statue*, a 12 1/2" tall piece that shows the young hero standing tall and ready to take flight! Sculpted by Adam Ross, this *Supergirl Statue* is certain to inspire a new generation of heroes!

59 UNLEASH THE POWER OF KORRA WITH A NEW STATUE

The latest incarnation of the Avatar, Korra was a powerful heroine in Nickelodeon's acclaimed animated series, *The Legend of Korra*, and now Dark Horse Comics brings fans of the series a beautiful collectible with the *Legend of Korra: Korra Statuette*. Made of polyresin, Korrs stands atop a rocky base, ready to unleash her powers in the name of peace and balance. Add this *Legend of Korra* statue to your collection this February!

491 ADD THE ENIGMATIC CURATOR TO YOUR DOCTOR WHO COLLECTION

Beneath the British Museum, in the secretive Undergallery, there is a special collection maintained by an elderly man known only as the Curator. Is he merely an old man, or might he have retired after a long life and changed his face to one of the old, familiar ones? Whoever he is, he is the newest *Doctor Who* figure from Underground Toys, complete with the lenticular painting he guards, "Gallifrey Falls No More." Add him to your collection with the *Doctor Who: The Curator 5-Inch Action Figure!*

DARK·HORSE·COMICS
30 YEARS

Dear Comics Retailers,

Has it really been thirty years? Man, time flies when you're having a good time. I know that some of you—perhaps *many* of you—were in business when then-fledgling Dark Horse launched *Dark Horse Presents* and *Boris the Bear*. It was retailer support in 1986 that allowed two guys working out of a comics store with a handful of dedicated creators to launch a publishing company, and it's your support that keeps us going today.

So, three decades have gone by. Are we going to celebrate? You bet! But this will in no way be a year for us to rest on our laurels. We have many new and exciting projects lined up—some of which you will have already heard about by the time you read this (I'm writing in August and restrained by nondisclosure agreements and marketing strategy from mentioning them here). Yet 2016 will not be solely a year of the new. It will also be a year of reinvigorating the tried and true—of reaching out to new readers even as we call longtime readers back to the fold.

We—Dark Horse and you—have been partners for a long time. That's one way to look at it. Another would be that we've only been working together for thirty years—and look at where we are now! Think what we can do in the next thirty!

Looking ahead,

Randy

On sale JANUARY 13 • 40 pg, FC, 4 of 4, $4.99 US • MATURE READERS

The mysteries of Ela and the elusive orbs converge to create a bigger conundrum in the conclusion of THE TWILIGHT CHILDREN. The young scientist Felix, the town's sheriff, the local doctor and the rest of the cast involved in this adventure come to understand the seriousness of the danger threatening the town, and possibly the entire planet, if someone doesn't do something fast. Ela is the only hope, and she perhaps must sacrifice what she's come to love the most.

Remember mullets and teased bangs? Stonewashed denim jackets and jeans? Well, not everything about the '80s was lame, because that's when the Garbage Pail Kids ruled the world! Those irreverent, satirical stickers quickly became a pop-culture phenomenon, but they never had their own comic book... until now! In the spirit of the avant-garde cartoonists and humorists who fathered these miscreants, a new generation of alternative-comics creators has lent their unique talents to bring the Garbage Pail Kids into the wacky world of comics. DIRK GENTLY:
THE INTERCONNECTEDNESS OF ALL KINGS

Certified Cool

writer **Chris Ryall** • artist **Tony Akins, Ilias Kyriazis**

cover **Tony Akins**

After writing all the many and conflicting versions of the legendary *Hitchhiker's Guide to the Galaxy*, beloved author **Douglas Adams** created Dirk Gently: a detective with a belief in the fundamental interconnectedness of all things, a unique relationship with the laws of probability and physics, and a love of cats and pizza. In his first-ever comic series, Dirk has been forced to leave his beloved England behind, coming to the too-sunny, too-cheery, and altogether too-bizarre-even-for-Dirk city of San Diego, California, where he gets embroiled in three separate (or are they?) cases involving reincarnated Egyptians, golden cell phones, and copycat killers. All this in a new town seemingly incapable of making even a single proper cup of tea.

CORTO MALTESE: CELTIC TALES

writer/artist/cover **Hugo Pratt**

Nominated for both the Eisner and Harvey Awards for Best Foreign Language Publication! In this third volume in the definitive English language edition of **Hugo Pratt**'s masterpiece, the action moves from South America to Europe against the backdrop of the First World War. In these six stories Pratt further explores such complicated themes as patriotism and greed, revolution and opportunism, and betrayal and seduction.

Events take Corto from a small island in the Venetian lagoon, where he comes face to face with a beautiful blonde spy, to Stonehenge and an adventure with Merlin, Morgana, and Puck. Along the way he meets Ernest Hemingway and future billionaire Aristotle Onassis, Irish revolutionary Banshee O'Danann, the legendary Red Baron, and an intense cast of characters who weave in and out of a series of labyrinthine plots and counter-plots.

Strong Female Protagonist is back in print! With super-strength and invulnerability, Alison Green used to be one of the most powerful superheroes around. Fighting crime with other teenagers under the alter ego Mega Girl was fun until an encounter with Menace, her mind reading arch enemy. Now Alison is going to college and trying to find ways to help the world while still getting to class on time. It's impossible to escape the past, however, and everyone has their own idea of what it means to be a hero.

$19.99

NAMELESS tells the story of a down-at-heel occult hustler known only as "Nameless" who is recruited by a consortium of billionaire futurists as part of a desperate mission to save the world. A massive asteroid named Xibalba—the "Place of Fear" in Mayan mythology—is on collision course with the planet Earth. If that wasn't trouble enough, the asteroid has an enormous magical symbol carved into its side and is revealed to be a fragment of our solar system's lost fifth planet, Marduk, destroyed sixty-five million years ago at the end of an epic cosmic war between the inhabitants of Marduk and immensely powerful, life-hating, extra-dimensional "gods." One of those beings is still alive, imprisoned on Xibalba, dreaming of its ultimate revenge on all that exists. When Nameless and his teammates inadvertently unleash this malignant soul-destroying intelligence, the stage is set for a nightmarish, nihilistic journey to the outer reaches of human terror.

FEBRUARY 3

$14.99

In this first collected volume of the **OCTOPUS PIE** series, we follow grumpy twenty-something Eve and her stoner roommate Hanna as they navigate post-college life. They'll take on crazed childhood rivals, troubling art scenes, the discomfort of exes, and maybe even... friendship? All this and more in the fictional, totally made-up city of Brooklyn.

"Well paced and grounded, ranging from funny ha-ha to odd observational humor, **OCTOPUS PIE**'s ultimate hooks are its flawed, but genuine characters."

FROM THE ARCHIVES

FROM THE ARCHIVES MONTH:
COMIC STRIP COLLECTIONS FOR EVERYONE

*Newspaper comic strips helped to create the comic book as we know it today, and it was the earliest collections of the popular daily strips of the era that served as a springboard for the stories of adventure, mystery, and super-heroics that followed. And today, even in a world filled with monthly comic books, trade paperbacks, and hardcover collections of comic book material, the newspaper comic strips are still a apart of the comics landscape. And that's no more abundantly clear than in our **PREVIEWS** theme for this month, "From the Archives!"*

*Comic strip material from the 1930s to today is still being collected, more and more each year. There have been hundreds, if not thousands of comic strips published over the years, and nostalgia for these classic serialized stories is higher than ever as fan-favorite, obscure, and even little-known strips are painstakingly cleaned up, enhanced, and collected for a whole new audience to experience once again. This month's issue of **PREVIEWS** is filled with dozens of comic strip collections, and we've pulled out a handful here to spotlight some of the best. Look throughout this issue for our Comic Strip theme month icon for more great strip collections!*

KELLY GREEN: THE COMPLETE COLLECTION HARDCOVER

STAFF picks

Classic Comics Press Inc

Growing up, the comic section of the Atlanta newspaper had a fairly good mix of comics, from adventure strips like *The Phantom*, *Dick Tracy*, *Steve Canyon*, and *Buz Sawyer* (dailies) and the soap opera strips like *Judge Parker*, *Heart of Juliet Jones*, and *Mary Perkins on Stage*. In most cases, while the stories may not be to a young boy's liking, the artwork was well done.

Years later the creators of two of these strips, Leonard Starr of *Mary Perkins on Stage* and Stan Drake from *The Heart of Juliet Jones*, teamed up as writer and artist on a series of crime/mystery stories for the French publisher Dargaud. This series, *Kelly Green*, featured a more mature graphic content, highlighting the artistic abilities of Stan Drake and storylines not confined by the regulations imposed by newspaper syndicates. This is like taking a character limited by network TV and allowing them the freedom of cable; the absence of limitations empowered the creators to do their best work.

Classic Comics Press has now collected the four previously published Dargaud graphic albums: *The Go-Between*; *One, Two Three, Die...*; *The Million Dollar Hit*, and *The Blood Tapes* as well as the previously unpublished in English *The Comic Con Heist*.

Kelly Green: The Complete Collection reproduces all of these stories in the original black and white format with much of the art shot from the originals. There is also an additional 16 pages in color to show to full effect Starr and Drake's complete control of the medium.

I lucked out and was able to buy the original Dargaud editions at San Diego Comic Con and have them next to my *Modesty Blaise* strip collection. In a 8 ½ x 11 hardcover format, this edition is a long overdue addition to my bookshelves and, like all Classic Comic Press titles, well done and produced with love for the creators and their work.

WHAT'S TO LOVE

Saban's Power Rangers is a multi-generational, globally-recognized franchise. With its epic Ranger suits, giant Zords and Megazords, and—at its core—a story of super powered teens who defend the world from evil, the ***Power Rangers*** series is a pop-culture phenomenon that has continued to resonate with fans for more than 22 years. We, as huge Power Rangers fans ourselves, are excited to produce a modern Power Rangers comic featuring the iconic characters from the original ***Mighty Morphin Power Rangers*** series.

WHAT IT IS

It's Morphin Time! Saban's Mighty Morphin Power Rangers make their BOOM! Studios comic debut in this kick-off #0 issue, which sets the stage for the rest of the series. After escaping Rita Repulsa's mind control, Tommy Oliver, the Green Ranger, joins up with the rest of the Power Rangers to combat her never-ending evil plans. THE LAST CONTRACT #1 (OF 4)

Written by **Ed Brisson**

Covers by **Lisandro Estherren, Vanesa R. Del Rey** *(INCV)*
$3.99 • 32 Pages • Full Color

WHAT'S TO LOVE

Last year, *John Wick* reminded everyone why hitmen make for awesome stories. Of course, we've known that for years as evidenced by ***The Killer*** and ***Hit***. Ed Brisson's *(Batman & Robin Eternal, Sheltered)* take on a retired hitman who finds himself as the target is a calculated thriller that kept us guessing until the end, and newcomer Lisandro Estherren's *(Tall Tales from the Badlands)* noirish art perfectly sets the mood!

WHAT IT IS

A retired hitman, known only as "The Man," is forced back into the game when a list of his kills is leaked by a mysterious blackmailer. The list makes targets out of anyone associated with one of the The Man's previous jobs, not to mention The Man himself. As he fights to protect those the list exposes, The Man sets off to uncover the identity of the blackmailer so he can move on with his new life once and for all. But will the truth ruin those chances forever?

WHAT'S TO LOVE

The Ice King is probably one of the most tragic and hilarious characters in the Land of Ooo, but we've never had the chance to focus exclusively on him before. Now we're taking a look at just what makes the Ice King tick with writer Emily Partridge *(Adventure Time)* and artist Natalie Andrewson *(Lumberjanes)*.

WHAT IT IS

The Ice King has always been there, kidnapping princesses, messing with Finn and Jake, and generally being a weirdo. But there's way more to him than that! He's a deep, thoughtful person with a heart full of love! Or...maybe he just really wants to marry a princess. Either way, this is one journey the citizens of Ooo aren't likely to forget!

WHAT'S TO LOVE

Punk rock isn't dead...yet. Turf wars, breaking rules, crushing violence, and Black Flag—these are a few of our favorite things, and ***Curb Stomp*** straight-up knocks our teeth out (in a good way). It's an unflinching, visceral look at the lengths one woman will go to protect her friends, her family, and her home—perfect for fans of *Rat Queens* and the seminal '70s cult-favorite film *The Warriors*.

WHAT IT IS

Three gangs. Five girls. No way out. Machete Betty leads a small gang of women under the self-appointed task of protecting their home of Old Beach, one of three boroughs surrounding a rich metropolitan city. When Betty takes the life of a rival gang member in an act of self-defense, she sets off a chain reaction of retaliation, gang warfare, and unlikely allies. It's up to the The Fever—Machete Betty, Derby Girl, Bloody Mary, Daisy Chain, and Violet Volt—to defend their turf at all costs. Collects the complete four-issue limited series.

"...timely social commentary, smart storytelling, and a solid cast of lead characters."

BELLADONNA #0

Regular Retail Price: $4.99

Cover & Art: Ignacio Calero
Writer: Mike Costa
MR, Color, 48 pages

About: The all-new Belladonna epic begins here! It's the story of a Viking warrior and her army of shield maidens in a century of massive upheaval in the Celtic north. Belladonna uses her ferocious bloodlust and supernatural strength to wage war against the cruel Picts and mythical beasts, surrounded by a bleak and unforgiving landscape. But bloodletting and supernatural beasts aside, Belladonna is also a meticulously researched evocation of the pre-Roman British isles during the 9th century. It was a century of blood and fire, kingdoms rising and falling in the contest between the Vikings and the Picts, with Belladonna and her irregular war-party of women fighters are caught in the middle. With the breathtaking art of Ignacio Calero, this sweeping, sexy epic is not one to be missed! This super-size first issue also features a cover gallery of her previous series as well as an archive

APAMA: THE UNDISCOVERED ANIMAL VOLUME 1

Hero Tomorrow Comics

He moves like Dhalsim from *Street Fighter*. He dresses like a barista made his costume out of a burlap coffee bag. And he's hitting the streets of Cleveland with the force of the mythical Apama – an animal no one has ever heard of because that's exactly how the mythical Apama likes it.

Apama: The Undiscovered Animal Vol. 1 is the debut offering from Hero Tomorrow Comics. What is so captivating about this quirky book is the feeling that the creators, Ted Sikora and Milo Miller, have tapped into something iconic to our time. Apama might not be the hero we need, or the hero we deserve, but in an era of college grads moving back in with their parents and debt heavier than Thor's Hammer, he is a hero that makes sense. Iliya Zjarsky is a protagonist who seems closer to pink slips, loan debt, and *The Big Lebowski's* "The Dude" than he does the billionaire hero type with armor valued at the gross national product of a small nation. Low-down realism mixed with Benito Gallego's old school inking style makes *Apama* a kind of modernized throwback to those early days when Stan Lee and Jack Kirby said, "Why shouldn't a superhero have problems at home?"

As a struggling ice cream truck driver, Ilya's Fortress of Solitude is a cramped apartment above a corner diner, his Lois Lane is Vica, the waitress downstairs, and the closest thing he has to a sidekick is a rat named Liza. These are mostly normal people with normal problems, but it's Iliya's need to escape from his urban life that changes everything. While out hiking, Iliya encounters the spirit of the Apama and through that encounter goes from an outcast Hungarian immigrant, at odds with all the moving parts of American life, to a hero who draws his strength from nature.

The baddies are strange and colorful, the adventure is action-packed, and the book features some exciting extras including original art from creators like Bob Burden of Flaming Carrot Comics fame, but it's really the characters that make this worth the read. Smart, satirical, fun and often hilarious, *Apama: The Undiscovered Animal* is ready to be discovered January 2016 with more offbeat crime-fighting on the way from Hero Tomorrow.

Every living creature on Earth has been devolved – the evolutionary clock turned back, reverting all life to odd mutations and prehistoric incarnations. The cities of man are little more than bloody territories ruthlessly dominated by tribal Neanderthals ruling from the backs of mammoths, packs of saber-toothed tigers, and giant man-eating insects. Writer Rick Remender (Black Science, Fear Agent), artist Jon Wayshak (The Authority), and colorist Jordan Boyd (Ant-Man, Planet Hulk) take you on a journey with the last band of "Still Sapien" humans in the hope of locating an antidote and re-evolving the human race.

DEVOLUTION #1 INTERVIEW w/ RICK REMENDER

FEATURED ITEM

When Dynamite Entertainment announced DEVOLUTION, the newest title created by Rick Remender, it was a comic that had been a decade in the making. Described by Remender as "The Road Warrior meets Jurassic Park", the comic features the artistic prowess of Jonathan Wayshak and Jordan Boyd who bring a post-apocalyptic world (that's also pre-historic) to life.

Speaking by phone from his home on the West Coast, Remender discusses how the DEVOLUTION comic first began; the importance of artists Wayshak and Boyd; and who he would cast in the DEVOLUTION movie:

Elliott Serrano: Tell me about the genesis of DEVOLUTION (pun intended).

Rick Remender: The outline and the concept was a book that I cooked up in 2006. I had just started doing "Fear Agent" and "Strange Girl" and a number of other books so this goes all the way back to then. And I pitched it to Nick at Dynamite in 2006 and then one thing after another, schedules couldn't get lined up to get it done. We found in Jon Wayshak and Jordan Boyd, the art team that could make this visually exciting enough to do. And so now we've decided to put it out. It's something. It's an interesting process to see something I cooked up a decade ago brought to life now. But obviously I'm very excited by what Jon Wayshak and Jordan have been doing with it. Seeing it come to life has reinvigorated my enthusiasm for the project.

It was born from the very basic idea of everyone on earth beginning to devolve - as well as plant life and animal life - as well as reverse mutate and devolve into a sort of strange alien prehistoric world. And in that world we are following a group of scientists and marines who were inoculated from the chemical agent that was used to cause the devolution. And they are attempting to re-evolve all life on earth into something a little more recognizable.

ES: You've got this element of going back to an earlier form of the world like in "Jurassic Park" or "Jurassic World", which is incredibly popular with audiences. Why do you think that's the case?

RR: It's an entire history of our planet that didn't involve us. It was an entire history of our planet when where we live now was dominated by giant reptilian creatures, crazy chickens with talons, strange plants, and giant mosquitos and that's fascinating. It's our history. It's earth's history. And those to things, our world meeting with that world, never stops being interesting. This is a little bit different in that this is a look at our devolution as a society and using that bit as a metaphor for the devolution of humans into the strange Neanderthal-type creatures. And they're not quite Neanderthals. It's dancing around some of the science of the Missing Link. They're called "Thrals" for short and it's what most of the population has devolved into.

Beyond that, in 2006, I had a deep desire to mix "The Road Warrior" with "Jurassic Park." Pretty much everything I've ever done comes from the fact that I've watched "The Road Warrior" hundreds of times as a kid over and over and over again. One of my all-time favorite movies, that and "Big Trouble in Little China" somehow seemed to color everything I was creating, especially ten years ago. And so it's sort of a mix of those two things, while also providing some zigs and zags that I still think are exciting, some interesting characters, and a look at the devolution process that we are witnessing in human society that might lead to something like this.

ES: You mention "Road Warrior" and "Jurassic Park" and crossing them, so will there be cavemen driving high-powered jeeps? I'm just curious.

RR: (laughs) No, they haven't figured out the jeeps, or how to get the gas. But there are a lot of them. There are warlords riding on woolly mammoths; trained saber tooth tigers, giant ants. We have some fun with that stuff. It's very much just trying to conceive of cool shit for Wayshak to draw. Taking that original outline I have, and then re-tweaking things here and there. But it's also interesting to see a story from a decade ago kind of come to life. Let it be what it was, which is a writing style and approach to things that I've sort of changed. It's kind of a fun exercise, re-dialoging scripts that come from deep in my past.

ES: What was it like looking at Rick Remender from ten years ago?

RR: You know, there's good and bad. I can't help but look at anything, as soon as I finish a comic and it goes to print, I'm always seeing what didn't work and I'm very critical. But in terms of this there was some rule-breaking that I'm not sure I would do today, that led us to some interesting things happening. At the end of the day, it's been fun. And that's only because of Jon Wayshak and Jordan Boyd, and taking these (ideas) and breathing life into this fever dream I had a decade ago. And here it is coming together. It really is a lost comic from my first run at Image Comics.

ES: Has anything changed with DEVOLUTION because of the collaboration with Wayshak and Boyd? Maybe you thought this was the way you envisioned it but went "wow, we're going with what they're doing" instead?

RR: I mean yeah, sure. And you have to let the artists add their own thing to it. I help guide, and I try to give notes when they're valuable. But ultimately you leave it to the art team to decide these things. And they've done a tremendous job. Wayshak came up with Jerome Opena and the two of those guys were two of my very favorite artists going back to my days in San Francisco. And so I've always wanted to work with Jon. And Jordan is obviously one of the very best colorists in comics, and someone I'm using on "Deadly Class" and hope to continue to work with. So you pick good people and kind of get out of the way and see what they do.

ES: It's interesting that you have the heroine who is of Arab descent. Considering the current political climate, was it something that you thought about changing?

RR: Uh, no. I mean why?

ES: Well you have Americans - I won't say all Americans, I'll call them "Donald Trump's Americans" - who just have an issue with Arabs and folks from the Middle East.

RR: Yeah, well f@#$ pandering to stupid people!

ES: (laughs) Alright.

RR: No, I don't ever consider stupid people. That never crosses my mind. The character has a reason for being from Saudi Arabia that plays into her character, and who her father was, and why she's now on this journey to make it to the tech region in San Francisco. It paints her perspective on the dilemma, you know?

ES: Anything about the book you're really looking forward to the readers seeing?

RR: Just seeing Jon Wayshak illustrate crazy neanderthals, wooly mammoths, giant spiders and eventually some very strange things that come in the last few issues. It's a visual feast what Jon and Jordan have done here. Hopefully people will pick it up and fall in love with these guys the same way that I have.

ES: Okay quick sidebar, a DEVOLUTION movie gets made, what's your dream cast?

RR: (pause) I'm sorry, off the top of my head, I've got nothing. I'm terrible at the fantasy football of casting stuff. I have to dig through photos and really remind myself of actors and actresses before I can ever hit on any of that.

ES: Okay, what would be the one toy or action figure you'd like to be made from the comic?

RR: (pause) Nazi Gil is one of the coolest villain designs I've ever seen. The way Jon designed our redneck, Nazi militant monster man (laughs), I think he'd be a pretty great toy.

Red Sonja, now older and battle-scarred, has turned away from the warrior's lifestyle of bloodshed and vengeance. As the headmistress of an academy for sword maidens, she prepares a new generation of She-Devils to face whatever conflicts and horrors the Hyborian Age can muster. However, when the fate of the world once again stands upon the edge of blade, Sonja must come out of retirement to wield it!

Deep in the shadowy realm of southern Stygia, cultists have performed a blood ritual, giving birth to Sutekh, the son of the ancient god Set. A winged reptilian with the power to draw human souls out of his victim's bodies, the vicious demigod raises an army to conquer all mankind. Kingdoms fall one by one before his wrath, and the temples of all other gods are razed to the ground. Red Sonja, aided by her prize pupils, must blaze a path to the fabled God Caves in search of the only divine power capable of matching Sutekh's might... but to win the favor of her patron goddess Scathach, Sonja must face the failings of her earlier life and make a terrible sacrifice of her own.

Acclaimed author Nancy A. Collins (Vampirella, Swamp Thing) joins with Luke Lieberman (writer of the sweeping Queen Sonja saga) and skilled artist Fritz Casas (The Blood Queen) to tell a heart-wrenching, world-shattering tale of the once and future She-Devil!

The Spirit's return to Central City stirs up both resentment and fear among the local crime scene, and mob boss Larson E. Jones soon sets a price on the blue-masked hero's life. Meanwhile, The Spirit himself tries to set things right in regards to his long-stalled romance with Ellen Dolan, and the detective team of Ebony White and Sammy Strunk dig up evidence that leads to a shadow corporation – one acting as a front for the illicit activities of the mysterious international crime lord, Mikado Vaas! Eisner Award-winning author Matt Wagner continues his loving homage to one of comicdom's most iconic characters, all the while breaking new ground with the dynamic visual stylings of artist Dan Schkade and colorist Brennan Wagner.

"The story by Matt Wagner is sharp, with great dialogue, and the art by Dan Schkade manages to evoke the master, Will Eisner, without being a slavish imitation" – Comic Of The Day

A darkly funny portrait of Middle America seen through the stunted minds of its children. The modern lost souls of *Beverly* struggle with sexual anxieties that are just barely repressed and social insecurities that undermine every word they speak. Time passes, bodies change sizes, realities blur with fantasies, truths disintegrate, childhood comforts turn uncomfortable. Again and again, the civilized façades of Nick Drnaso's pitch-perfect suburban landscapes crack in the face of violence and quiet brutality. Drnaso's debut graphic novel, *Beverly*, leaves you haunted and squirming and longing for more. (STK693168)

The book begins as the head of the manufacturing company is already deep in financial straits: he struggles to deal with a series of late payments and dwindling orders. While his parents are away, Skeezix tries to solve the mystery of an arsonist. Now entering his teens, Skeezix comes to the fore of the strip as an adventurous boy surrounded by a gang of likeminded pals, and Gasoline Alley becomes an influential pillar of teenage-culture. TRANCERS TP

Action Lab/ Danger Zone

In 1985 the world was introduced to Trooper Jack Deth in the movie *Trancers* by director Charles Band (*Puppet Master, Arena*). A future cop from the year 2247 Jack Deth of Angel City PD doesn't take trash from anyone and if he thinks you're a trancer then he doesn't need a warrant to serve you his brand of justice. That usually means singing your body with his laser gun until your nothing more than a scorch mark on the ground. Trancers are weak willed scum turned into zombie like mind slaves to Deth's nemesis Martin Whistler. Whistler's trancers killed Jack's wife and fellow Angel City PD Trooper but all it seems to have done is tick him off.

After leaving a trail of scorched bodies in his wake Jack takes his revenge and kills Martin Whistler... or so he thinks. The city council reveals to Jack that Whistler managed to cheat Deth. He is alive and well inhabiting the body of his ancestor in the year 1985. Now it is up to Jack to time travel after him and see if he has what it takes to kill him dead all over again.

The comic adaption by Action Lab's Danger Zone and writers Jimmy Palmiotti and Justin Gray screams 1980's sci-fi action while Marcelo Salaza's artwork brings Jack Deth's rampage from the silver screen to paper. If you missed out on this one in single issues be sure to pick up the collected trade in stores this January!

GRAVEYARD QUEST

Oni Press

Father and son, rebellion and revenge, good shovels and better advice—*Graveyard Quest* races along after an adorable-horrible little gravedigger as he chases his stolen treasure: his mother's earthly remains. That's right. Somebody stole mom's bones and took'em to hell. Frankly, our gravedigger friend is the obsessive sort (as you may have guessed from the fact that he has yet to bury his mom) and he will not let this go! With minimal preparation, but an overwhelming supply of desperation, he descends into the underworld where no one and nothing can stop him—not even his dead dad.

KC Green, famous for his 6 years making the *GUNSHOW* webcomic, is no stranger to dark humor and elastic character design. His style blends Looney Tunes' rubber-faced outtakes, Hanna Barbara's thick-line style, and the visceral, emotional intensity of John K's *Ren & Stimpy Show* into an artistic presentation that's both familiar and fresh. *Graveyard Quest* is very much a story about family, about fear of loss and loneliness, and about breaking away from our obsessions long enough to quit being jerks. It's also about the kindness of moles, the politics of demons, and the importance of a good shovel, so you know this is a choice comic.

Classic Comic Strip Reprints: Preserving the Best of the Past

For over a decade Hermes Press has been publishing archival reprints of some of the most important comic strips of the 20th Century. We have been privileged to reprint such classics as *Brenda Starr* (MAY111109), *Buck Rogers* (APR131158), *Johnny Hazard* (JUN151383), Milton Caniff's *Male Call* (FEB111067), Mickey Spillane's *Mike Hammer* (MAY121178), *Roy Rogers King of the Cowboys* (OCT101046), *Star Hawks* (SEP032789), George Wunder's *Terry and the Pirates* (SEP148233), and *The Phantom* (JUN151384). We've also published the comic book versions of *Brenda Starr* (MAR131192), *Buck Rogers* (NOV121205), *Steve Canyon* (DEC100986), *The Phantom* (FEB151472) and Walt Kelly's *Pogo* (MAR151392).

Let's take a brief look at the art and artists behind some of these classics. Without a doubt Dale Messick's *Brenda Starr* was one of the most influential and entertaining strips about a woman — an always feisty, fashionably dressed female reporter — created by a woman. Our reprint, *Brenda Starr the Collected Dailies and Sundays 1940-1946* (MAY111109), (which originally ran as a Sunday-only strip in the comic book section of the *Chicago Tribune*) presents several continuities including the first year of the feature and the first storyline introducing the eye-patched Man of Mystery.

We've also reprinted eight volumes of the daily version and three volumes of the Sundays of the first, best, and most influential sci-fi comic strip ever: *Buck Rogers*. To add a little variety to our *Buck Rogers* offerings we've also printed the Gray Morrow version of the strip and the complete Murphy Anderson run of the Sundays (JUN131172, FEB141311). Anderson, who would later go on to become one of the Silver Age's masters, really shines in the artwork on this feature.

Hermes Press has also produced four volumes of the daily version of Frank Robbins' action packed masterpiece *Johnny Hazard* (JUN151383). This strip is without a doubt one of the great overlooked gems by one of the medium's most talented artists. As Howard Chaykin observes in his intro to Volume Four, Robbins' work on the feature is "an astonishing achievement."

Another overlooked masterpiece we've brought back is George Wunder's version of *Terry and the Pirates* (SEP148233). With two volumes in print — and more on the way — Wunder's version of this classic has received enthusiastic kudos from critics and fans alike.

Last but not least, Hermes Press is also the home of the greatest comic strip hero of all time, the granddaddy of costumed heroes, The Phantom, The Ghost Who Walks. The series kicks off with Volume One which features "The Singh Brotherhood" and two other adventures — including one of my favorites — "The Sky Band." This adventure has The Phantom confronting a group of aviatrixes/pirates — predating Pussy Galore and her Flying Circus by almost two decades (SEP131213). To date we have published eight volumes of dailies, two volumes of Sundays, and an archival reprint of the first six Sunday continuities, in their original size. It goes without saying that there's a lot more *Phantom* stories on their way to celebrate the character's 80th anniversary next year. So, as I always say, read and enjoy!

DEVOLUTION #1

Dynamite Entertainment

Humans have come a long way since the beginning of recorded time, it's too bad it took so little time to end up right back where they started. This is how the modern world ends as orchestrated by Rick Remender, one of comics' current sci-fi innovators.

In the near future, the human population is too big and too careless while our small world struggles to recover. In our urgency to "fix" the problem with science, science turns on the human race. The cure becomes a disease that infects almost all of the living species on Earth, reversing the last forty millennia of evolution. The modern world of technology, religion, and law doesn't mean much to animals and that's what most of the world has become. One woman named Raja has managed to survive among the animals of this new world for a long time with only one mission; find a way to save the world.

Remender is back at it again with yet another wild ride of sci-fi action drama in Devolution. However, what you may not be used to is the equally wild and highly kinetic art of Jonathan Wayshak, rendering action and emotion with a fever pitch. The ugliness of a savage and dying world is rarely this beautiful. This isn't the first post-apocalyptic tale told in comics but it may be one of the most memorable ones you'll read.

BOOK OF EMANATIONS

ANGELARIUM: BOOK OF EMANATIONS HC

(W) Peter Mohrbacher, Eli Minaya
(A/CA) Peter Mohrbacher
The Angelarium is a place where experiences, ideas and archetypes exist as real living entities. It's the domain of angels and emanations. Growing at its center sits the Tree of Life, a physical manifestation that reflects the whole of existence. This 52 page art book is a chronicle of Enoch, a living man who traveled the Angelarium and explored the interior world of the Tree of Life. He encounters its ten emanations, and ruminates upon the unknowable being that is Ein Sof. It includes illustrations, poetry and short stories centering around the 11 emanations of the Tree of Life. DEAD MAN'S PARTY TP

(W) Jeff Marsick (A/CA) Scott Barnett
In the assassin trade, a Dead Man's Party is part Viking funeral, part Irish wake, a twisted way for your murderous peers to either honor your memory or settle a score. Each of the five professional killers who participate have 30 days to collect the bounty on your head, adding your distinguished name to his or her resume. And the "contract" is wholly irrevocable. For the world's most feared executioner — known only as Ghost — arranging such a Party for himself is a last resort, a way to go out on his own terms and at the top of his game. (STK692989)

CRUISING THROUGH THE LOUVRE

CRUISING THROUGH THE LOUVRE HC

(W/A/CA) David Prudhomme

Author David Prudhomme meanders through the Louvre where all manner of people from all over the world rub elbows quietly. He decides to cruise through the Louvre at a quick pace, not to look at the art but to observe the people and their interaction with it. He discovers: a group of students somehow stuck together just like the shipwrecked on the Raft of the Medusa; a man behind the Seated Scribe, as if attempting to read over his shoulder; in the hall of antiquities, a woman placing her head in a lion's mouth. For two hours, Prudhomme is witness to a strange silent and casual choreography, danced in the midst of one of the most prestigious museums in the world. (STK693068) (C: 0-0-1)

GLACIAL PERIOD HC

(W/A/CA) Nicolas De Crecy

Finally back to press in a bigger handsome hardcover! The Louvre museum is involved in a co-edition of a series of graphic novels, each a vision of this great museum by a different artist. De Crecy, at the sight of the incredible richness of the museum's collection was overwhelmed and felt small and ignorant. The result is a story set thousands of years hence in a glacial period where all human history has been forgotten and a small group of archeologists fall upon the Louvre, buried in age-old snow. They cannot begin to explain all the artifacts they see. What could they have meant? Their interpretations are nonsense, absurd, farcical. (STK637992) (C: 0-0-1)

Those two, they never should have met. In the night, in a long corridor pinned with ancient dreams, they make of this encounter a party. Those two, they must have a gift. The next remarkable graphic novel in the Louvre collection tells the tale of the retiring museum director on a fugue from his retirement dinner through the vast halls of the museum, eloping with a muse. PHANTOMS OF THE LOUVRE HC

(W/A/CA) Enki Bilal

Superstar European SF and Fantasy comics artist Enki Bilal revisits the Louvre in twenty-two portraits. He imagines 22 fates of men, women and children whose lives have been affected by a work of art. They haunt the halls of the Louvre. They are long dead, often violently. They are a Roman legionary, a muse, a painter, a German officer. Each, one day, met a painter or a sculptor and was their model. Bilal startlingly brings them back to life. Both a work of Fantasy and a masterful homage, this was presented in a special exhibition in the Louvre in early 2013. (STK637991) (C: 0-0-1)

(W/A/CA) Hirohiko Araki

Rohan, a young mangaka, meets a beautiful mysterious young woman with a dramatic story. She tells him of a cursed 200-year-old painting, created using the blackest ink ever known from a tree the painter had brought down without approval from the Emperor. The painting had been saved from destruction by a curator of the Louvre. Years later he asks the museum but little does he know how violently powerful the curse of it is until he has the museum unearth it from deep within its archival bowels. (STK457763)

MAN PLUS #1

Titan Comics

Do you love a great sci-fi thriller? My personal favorites are those in which the audience is thrown into the distant future to a world similar, yet amazingly different from our own. The viewer is left to figure out the differences between our world and theirs, and absolutely nothing is certain. Trust no one.

Man Plus #1, coming in January from Titan Comics, hits all of the right notes for a sci-fi classic in the making. Cyborgs illegally roam the streets, and strike teams are determined to run them out of existence no matter who or what stands in their way. There are those that go above the law in an attempt to rid the world of cyborgs on their own, creating all sorts of chaos for those abiding by the rules. With social themes similar to our own, *Man Plus* addresses philosophies on life and existence with plenty of bold action along the way.

André Lima Araújo is such an incredible artistic talent that I am convinced he may already be a cyborg. Having proven himself on *Avengers A.I.* and *Spider-Verse*, Araújo breaks out from cape comics to bring his exquisitely detailed pencil work to creator owned comics. *Man Plus* #1 is the artificial intelligence book of 2016 to keep an eye on.

We go back to the very origins of the Louvre as a museum: the tumultuous years of the French revolution. MIGHTY MORPHIN POWER RANGERS #0

BOOM! Studios

STAFF picks

BOOM! Studios does *Mighty Morphin Power Rangers*. Enough said! As a literal life-long fan of the series—specifically *MMPR*—I can't be more excited about the new ongoing series starting with issue #0 in this catalog.

This is definitely a tough project to take on with the original series ending twenty years ago and serious fans' expectations high. Original viewers have grown up, their tastes have matured, and like so many other projects that try to capitalize on our childhood nostalgia, a series bringing back the team of six could potentially fall flat with a dry, verbatim recapturing of the Power Rangers adventures. But this is the glorious thing about the new series from BOOM!; it just doesn't.

In fact, reading the first few pages I not only got my nostalgia fix, but the story was more substantial—a fresh and new take on the classic characters. Yes, the story was from my childhood—picking up right up from when Tommy (the Green Ranger) joins the side of good after breaking the spell the evil Rita had over him forcing him to try and destroy the Power Rangers—but the writing and art was what we have come to love about comics on the shelves today. The comic satisfied my inner ten-year-old, but with solid storytelling and art it also won over my twenty-something-year-old comics craving.

This is going to be a series that is perfect for new and old comic readers of all ages AND life-long fans! If you give any comic a shot this month, I couldn't recommend *Mighty Morphin Power Rangers* #0 from BOOM! Studios more. You are in for a real treat!

Dr. Frankenstein has met his match in *Franken Fran!* The delightfully creepy tale of a beautiful patchwork doctor and her even stranger patients has become a cult classic among English-speaking manga fans. Seven Seas is pleased to present this series for the first time in print in North America in four omnibus editions. Somewhere, out in the sticks of rural Japan, there is a mysterious manor that is home to the greatest surgeon who ever lived. Actually, the surgeon hasn't been seen for years, but Fran, his reanimated daughter, takes up the family profession in his stead. Starting with the bolts that protrude from her head, Fran isn't exactly what you would call a normal girl, nor is the cast of horribly disfigured creatures who join her. Despite her Frankenstein-like ways, Fran cares deeply for her patients and holds steadfastly to the Hippocratic Oath. Her creed is: "All lives must be saved, no matter the cost!," For Franken Fran, the ends always justify the means, no matter what ungodly creations emerge from her lab. Collects volumes 1 and 2. ROSALIE LIGHTNING: A GRAPHIC MEMOIR HC
(W/A/CA) Tom Hart
Rosalie Lightning is Eisner-nominated cartoonist Tom Hart's beautiful and touching graphic memoir about the untimely death of his young daughter, Rosalie. His heart-breaking and emotional illustrations strike readers to the core and take them along his family's journey through loss. Hart creatively portrays the solace he discovers in nature, philosophy, great works of literature, and art across all mediums in this expressively honest and loving tribute to his baby girl. Hart uses the graphic form to articulate his and his wife's on-going search for meaning in the aftermath of Rosalie's death, exploring themes of grief, hopelessness, rebirth, and eventually finding hope again (STK692373)

THE PHANTOM: THE COMPLETE SERIES: THE CHARLTON YEARS VOLUME 5: THE DON NEWTON YEARS HC

Hermes Press

The Phantom was probably the first costumed hero I read. The Phantom didn't show his eyes, lending even more mystery to The Ghost Who Walks, whether in the jungles of Africa or the concrete ones of a city. The comic strips held a unique fascination, and his daily exploits made sure I learned to read for myself.

Comic books gave me new stories and new artists to appreciate but, being spoiled by DC and Marvel, nothing compared to their books. Batman has always been by favorite DC superhero, regardless of story and art; though Dick Sprang was my favorite as a kid, later on Neal Adams, Jim Aparo, and Don Newton became my favorite artists. Then, Charlton's Action Line began and, as an offshoot of that, we got *Flash Gordon*, *Jungle Jim*, and *The Phantom*. To me, the best of *The Phantom* books were those illustrated by Jim Aparo and Don Newton.

The Phantom is where most comic fans were introduced to the artwork of Don Newton. Don's art had strong anatomy with clean storytelling, and you felt the love he had for The Phantom. In this, the last volume of Hermes Press' *The Phantom: The Charlton Years*, we get Don Newton's Phantom, making it truly his own. If you are familiar with the printing "quality" of those old Charlton comics then you will want this digitally remastered edition that looks so much better than the original books.

Hermes Press has a history of doing *The Phantom* right and this is only the latest book by them that a true fan of the Phantom must have and is a great start going into the 80th anniversary of The Ghost Who Walks.

Peter Grant looks look your average London police officer, but he is actually a part-time wizard in a very elite branch of the Metropolitan Police. It's his job to investigate those crimes that regular cops don't like to talk about because they often involve vampires or strange things in Underground tunnels. Peter's latest case features a self-driving killer automobile, a Serbian refugee, the Most Haunted Car in England, a handsome drug dealer with a nice paisley scarf, and a seemingly harmless wooden bench with a dark past! BOOK OF DEATH TPB

The Valiant heroes. X-O Manowar. Bloodshot. Ninjak. The Harbinger Renegades. Unity. This is how they lived. This is how they died.

Now we know. The Book of the Geomancer has recorded it all. But only a young girl - the last in a line of the enigmatic mystics who protect the Earth known as Geomancers - has seen this future come to pass, from the coming cataclysm to the dawn of the 41st century. Alone with her sworn protector, the Eternal Warrior - a soldier battle-forged across five thousand years of combat - the duo must defy their allies to stop the Dark Age that now threatens to eclipse our world.

Together, they are the number one target of every hero and villain on Earth. Either the Eternal Warrior hands her over...or they take him down. But can even he single-handedly protect one child when the entire Valiant Universe wages war against him?

New York Times best-selling writer Robert Venditti (X-O MANOWAR) joins superstar-in-the-making Robert Gill (*Batgirl*) and visionary artist Doug Braithwaite (ARMOR HUNTERS) to begin a thousand-year journey into the future of the Valiant Universe...and rain, fire, blood and war on the heroes of today.

Foreword by June Foray

THE ART OF JAY WARD PRODUCTIONS HC
(W) Darrell Van Citters (A) Jay Ward, Jay Ward
The animation produced at Jay Ward Productions is largely known for the witty writing, sterling voice cats — and poor animation. The animation was produced in Mexico but despite the execution, Ward had some of the best artists in the business; many had been Disney-trained and most of them had gone through the groundbreaking UPA studio. Now, for the first time anywhere, we are provided an in-depth look at the comic artistry of a talented group of designers, storytellers and directors who created such fondly remembered shows as *Rocky and His Friends, Fractured Fairy Tales, Peabody's Improbable History, Dudley Do-right, George of the Jungle,* and *Super Chicken.* (STK691249) **NOTE:** This item may be available through other retail outlets before shipping to comic book specialty shops.

and the Age of Terror
CRITICAL ESSAYS ON THE COMIC SAGA
Edited by KEVIN MICHAEL SCOTT
Foreword by Robert G. Weiner • Afterword by Marc DiPaolo

MARVEL COMICS' CIVIL WAR AND THE AGE OF TERROR SC

(W) Kevin Michael Scott

Marvel Comics has a tradition of addressing relevant real-life issues facing the American public. With the publication of *Civil War* (2006-2007), they focused on contemporary anxieties such as terrorism and threats to privacy and other civil liberties. This collection of essays explores the *Civil War* series and its tie-in titles from the perspectives of history, political science, sociology, psychology, literary criticism, law, philosophy and education. The contributors provide a close reading of the series' main theme — the appropriate balance between freedom and security — and discuss how that balance affects citizenship, race, gender and identity construction in 21st-century America. With super heroes nearly extinct at the start of the 1950s, DC Comics reignited the fire that would make them central to modern popular culture by infusing them with science fiction elements. DC's writers and editors spun ever-more fantastic tales, bringing super heroes and Bob Hope alike into the realm of sci-fi. The results were transformative, delivering the first-ever "reboot" of Golden Age greats with the Flash, Green Lantern, and Hawkman as well as the hit TV show *Batman*. *The Silver Age of DC Comics* chronicles it all. With an undeniable mass appeal, Christopher Reeve's *Superman* cemented the role of the superhero as America's most enduring archetype, and the comic book as one of the country's most significant native art forms. That art form, however, was already moving in a new direction. Influenced by the emergence of underground comics and shifting political tides, DC's line of comics was increasingly aimed at adults. Socially relevant subjects such as drug addiction, racism, and women's rights had entered the mainstream, and comics weren't just for kids anymore. *The Bronze Age of DC Comics* includes an original interview with *Green Lantern/Green Arrow* writer Denny O'Neil. BERNIE GN
(W/A/CA) Ted Rall
Bernie Sanders puzzles the establishment. A self-identified socialist, long affiliated with no politcal party, from the tiny state of Vermont, Sanders has been relentlessly marginalized and ridiculed by the national politcal power brokers and the media that supports them. Yet, his presidential campaign against the "inevitable" Hillary Clinton is already posing a credible threat to her in Iowa and New Hampshire. Who is Bernie Sanders? What accounts for his seemingly overnight rise from marginal figure to national player? (STK692166) (C: 1-0-0) **NOTE:** Not available in the U.K. (May Purchase from U.K. Vendor)

COMIC STRIP COLLECTIONS FOR COMIC BOOK FANS

During the pre-Golden Age era of the comics industry, collected runs of popular newspaper comic strips were the stuff that made up the contents of the earliest comic books. This repurposing of the comic strips eventually lead to the development of new material to support the fledgling format, soon after growing to dominate the market for decades to come. But there will always be a connection to the newspaper comic strips of yesterday amongst many comic book fans, especially those special strips based on the popular comic book characters that replaced the comic strip reprints; it's kind of like a comic circle of life.

So here are some of our recommendations for comic strip collections that will appeal to comic book fans; collections of daily and Sunday newspaper comic strips starring some of our favorite comic book heroes, from the 1940s to today!

FLASH GORDON
JUNGLE JIM

FLASH GORDON AND JUNGLE JIM

IDW Publishing

The incomparable Alex Raymond created Flash Gordon in 1933 to compete with *Buck Rogers*… and soon eclipsed the latter with his stunning artwork, faster-paced stories, and incredible characters, making it arguably the most famous sci-fi comic strip of all time. While also working concurrently on *Secret Agent X-9*, Raymond also developed the adventure strip, Jungle Jim, which was often used as a "capper" positioned over the *Flash Gordon* strip. Both strips are collected as they appeared in many newspapers, stacked, and have been meticulously remastered and restored, and presented in Raymond's original format that includes the Jungle Jim topper. These adventures have no equal!

In 1967, Russ Manning (creator of *Magnus, Robot Fighter*) was selected by the Edgar Rice Burroughs estate to take over the Tarzan daily strip and bring it back to Burroughs' original vision. With assists by Bill Stout, Mike Royer, and Dave Stevens, Manning created 26 original Sunday storylines and 7 daily stories from 1967 to June 24, 1979. Each volume collects over 700 sequential daily strips, all reproduced from the Edgar Rice Burroughs file copies. A must-have quartet of strip collections for fans of Manning or Tarzan himself!

BUCK ROGERS: THE COMPLETE MURPHY ANDERSON SUNDAYS—1958-59 HC

Hermes Press

Murphy Anderson was one of the seminal comic book storytellers who defined the Silver Age with his work on DC's *Superman* and *Action Comics*, as well as *Adam Strange*, *The Spectre* and the *Atomic Knights*. In addition to his work on the *Buck Rogers* daily strip, Anderson also wrote and drew the Sunday version of the Buck Rogers feature from 1958 to 1959, spinning three story arcs. These stories were previously never before collected, and Hermes Press has collected all of Anderson's Sunday strips in one beautiful collection!

VOLUME ONE 1981-1986

JUDGE DREDD: THE DAILY DREDDS VOL. 1—1981-1986 HC

Rebellion/2000AD

While most of our featured strip collections fare from these shores, our final entry hails from the UK. Published in the *Daily Star* from 1981 until 1986, the Judge Dredd comic strip — written by John Wagner and Alan Grant — took British readers where perhaps only their kids had once gone via the 2000AD weekly comic magazine: the post-apocalyptic metropolis known as Mega-City One, protected by the no-nonsense lawkeeper, Judge Dredd. Illustrated 2000AD stalwarts Ron Smith, Ian Gibson, Mick McMahon, John Higgins, Steve Dillon, and Brett Ewins, this was future shock at its daily finest!
